

4A Distant Learning: 15th June to 26th June

Hello 4A!

Welcome to your next 2 weeks' worth of home learning. It has been a busy couple of weeks in school, as you may know Foundation Stage, Year 1 and Year 6 have been invited back into school. I am teaching one of the Foundation bubbles which feels very funny as they are a lot smaller than you guys! We have been working hard on our numbers, phonics and writing, however the school environment is a very different one to what you are used to. Please don't worry, we haven't forgotten about you all at home, I will still be setting work for you to do on here and hopefully I will get a chance to speak to you again over the next couple of weeks. I really enjoy catching up with you all on the phone and hearing what you have been up to!

Keep working hard for me and I am keeping an eye on those amazing Mathematics scores of yours!

If you would like to further your learning, I highly recommend online BBC Bitesize daily lessons. This is a wonderful resource which may teach new concepts but also revisits previously learned material and is a great way to refresh our knowledge whilst on lockdown. Find your year group on <https://www.bbc.co.uk/bitesize/dailylessons>

If you have any questions about the work that I have set, then you can ring the school office on 01400 659001 or email enquiries@cranwell.lincs.sch.uk and I will do what I can to help you!

Speak to you all soon and remember to keep smiling!

Mrs Allen

Spellings

Alongside learning the Year 3 and 4 National Curriculum spelling can you mark Mr Woops' work and find his mistakes?! Why not use coloured pens like Mrs Allen does in your books when marking your work!

Literacy-Writing

Climate Change -melting ice caps

Have you ever dreamt of owning a Blue Peter badge?! I certainly did when I was your age! Well, now is your chance! Can you write a story on an environmental topic and send it to Blue Peter to earn the chance of a Green Badge? See the further information below. What an exciting opportunity!

Reading

We read in class every day, so it would be really nice if you could spend some time every day reading a book. This can be a home book, a newspaper, magazine or anything alike. Do not forget to record this in your reading record.

It would also be good practise to complete some book reviews in the back of you reading record.

Maths

Please see 'Maths' information page, which explains your daily tasks.

Times Tables

I have provided you with the times tables test you complete weekly in school. Once you have completed and scored full marks on the multiplication sheet in 5 minutes then you can move onto the division sheet. You have 5 minutes to complete as many as you can, column by column. You could also have a look on the times tables page for websites to help you.

Topic activities

Linked to your writing topic, climate change, I have enclosed some fun activities which you may like to do.

Extras

On Sunday 21st June it is Father's Day. It would be a really lovely surprise if you could make a card for your Dad, Grandad or someone special. I have attached some templates you may like to use, as well as some fun arts and crafts. You will find these under the 'Extra Resources' in the 4A Downloads section.

Spelling Activities

Mr Whoops is a little bit clumsy...OK, OK, he's a lot clumsy! Even though he's really trying hard with his writing, he's still accidentally misspelt twelve of his Y3/Y4 key spelling words. Can you spot his mistakes?

Highlight them in the passage of text.

Could you then correct the words at the bottom of the sheet and create a list for Mr. Whoops to practise?

Activity 7

My most memorable day of school has to be the one particular day when I almost blew up the science block. It started off as just an ordinary chemistry lesson where our teacher wanted us to learn about how to separate solid material from liquids. During the experiment, a strange mist started to appear from my test tube. Not to mention, the very peculiar smell. The next thing I knew...BOOM! There was an actual explosion. I didn't know it was even possible for liquid to reach such a great height. It looked like a volcano exploding. Oops!

Mr. Whoops needs to practise these words:

_____	_____	_____
_____	_____	_____
_____	_____	_____
_____	_____	_____

Activity 8

Last year, I was lucky enough to visit a popuwlr Caribbean iland. While I was there, I went on a tour of a local rainforest. All around me were trees filled with exotic frut and stunning wildlife. Our tour gyde was full of knowlege about the forest and there wasn't any qwestion that he couldn't anser. He talked at lenth about deforestation and how a qwurter of the trees had sadly already been cut down. This is a terrible shame as some plants found there are of great importance for making medcine which kept the island in buziness. If they continuw to destroy it, then I might not ever get to return to the fabulous place.

Mr. Whoops needs to practise these words:

_____	_____	_____
_____	_____	_____
_____	_____	_____
_____	_____	_____

Activity 9

Dear Diary,

Well today was far from a regular day... I went to London with the sole purpose of seeing The Queen. Her Majesty is one of the most famous women in the world. Today was the great Trooping The Colour parade where the reign of Her Majesty is celebrated as well as her official birthday. Perhaps every person in London was there, or at least it felt like it with all the crowds and cheering. It was difficult to see and hear when the guards marched past and the noise began to increase even more when the crowd caught sight of The Queen herself. Various flowers were thrown onto her carriage and she often waved at the onlookers. When she smiled directly at me, I can't describe the feeling that came over me - it took my breath away.

What a memorable day!

Mr Whoops x

Mr. Whoops needs to practise these words:

_____	_____	_____
_____	_____	_____
_____	_____	_____

Literacy

For this next set of home learning we are focusing on story writing. I would like you to plan and write a story with an environmental theme. I have chosen the theme of climate change and the melting ice caps. See the topic activities for some research ideas on the melting ice caps, which will help you with your story writing.

I have included this picture and a story starter in the 'Extra Resources' pack under the 4A section in Downloads. When planning and writing you could think about the following questions:
When is this story set? Where is it set? Why are you there? How did you get there? Will the mammoth defrost? What happens after? How does your story end?

See extra resources for a planning sheet.

<https://www.bbc.co.uk/cbbc/findoutmore/blue-peter-apply-for-a-green-badge>

Once you have written your story you can email it into school for me to read or send it off to Blue Peter to potentially earn a Green Badge.

There will be a prize for the best Y3 & Y4 story sent into school.

To apply for a Green badge you must:

- Be between 6 – 15 years old
- Ask your parent or guardian for permission and ask them to read the **Privacy Notice** at the bottom of this page
- Please tell us about what you have done to help the environment or send us something with an environmental theme to earn your Green badge. You could write us a letter to tell us about something you've done to help the environment, or a poem or story that has been inspired with a green twist. Perhaps you wish to create an artwork or model or idea for helping our planet, animals or nature.
- Also include: **your full name, your date of birth, your home postal address and postcode (not your school address) and that you are applying for a Green badge**
- Post it to Blue Peter with the correct stamp on it (you'll need a 'large letter' stamp if sending an A4, or to pay for parcel postage if bigger than a letter)

Times Table Activities

<https://play.ttrockstars.com/auth/school> - Times Table Rock Stars is a great way to practise your times tables

<https://play.edshed.com/> - Practise your times tables

Maths Activities

Please continue to complete your daily maths lesson, on the White Rose website. **You should now be ready to move onto 'Summer term- Week 8 (w/c 15th June)' and 'Summer term-Week 9 (w/c 22nd June)'.**

Each day, there will be a short video of a lesson to watch, which will contain questions for you to answer on paper. The lesson videos will also be linked to the BBC Bitesize website, where you will find further explanations and activities.

Follow this link to find your daily lessons and follow the instructions on the website: <https://whiterosemaths.com/homelearning/year-4/>. **If you have been following the White Rose scheme throughout lockdown, you will have already covered the planned content for the next 2 weeks. Follow the link that says 'Already covered this content?' for an alternative plan.**

In addition to this, Mathletics activities will be set and don't forget you always have access to Times Tables Rockstars and Education city.

Extra Maths Games

<https://play.prodigygame.com/> - Pokemon style game with maths questions!

Ice Loss in the Arctic

Out of the following impacts of Arctic ice loss, which do you think is most important?

Rank the five impacts according to their severity and five reasons for your choice.

Scientists state that reduced Arctic ice will:

- reduce feeding grounds for polar bears which use the ice;
- disrupt the food chain as important algae live in the ice;
- cause issues for harp seals which use the surface of the ice to give birth;
- deflect less heat away from Earth, leading to further warming;
- make remaining ice easier to melt as it becomes thinner.

Arctic animal word search

See extra resources

Art - Make some art that links to climate change or the melting of the ice caps. Find some examples in the extra resources.

Alaska moose	polar bear
Arctic fox	reindeer
lemming	snowshoe hare
lynx	tundra vole
moor frog	wolf

Extension: Choose two of the animals and find more information about them on the Internet.

Can you make a PowerPoint or fact file to present your information?

PE Activities

<https://www.cosmickids.com/category/watch/> - Cosmic Kids Yoga. These activities vary from under 10 minutes to over 15 minutes.

https://www.youtube.com/results?search_query=body+coach+kids- Tune in with Joe Wicks for some HITT sessions!

<https://www.youtube.com/user/thebodycoach1> - Joe Wicks is also providing live workout, every morning at 9am, called "PE with Joe" on his YouTube channel The Body Coach TV.
